Supposedly it takes 26 facial muscles to smile, so start practicing now because by the time Polyjesters leave the stage a grin will be permanently etched onto your face. The Polyjesters adventurous sense of fun, delivering everything you could want from a swing/jazz band, and a whole bunch of things you didn't even know that you wanted. Baritone ukuleles, sweeping jazz-guitar solos, and drum beats played on the side of stand-up basses are not unheard of occurrences at one of their shows
